

## Correction to “Sensitivity analysis: Could better methods be used?” by Andrea Saltelli

In the paper “Sensitivity analysis: Could better methods be used?” by Andrea Saltelli (*Journal of Geophysical Research*, 104(D3), 3789–3793, 1999), the table at the end of section 2.3 (p. 3791) was erroneously truncated. The corrected table is as follows:

$k$	$N_e$
5	142
10	806
20	4,174
50	43,606

(Received March 26, 1999.)
